

CAT.# 2 – Height Adjustable tables

Break the sedentary cycle at work by reducing the time sitting each day. They offer the flexibility of sitting or standing without interrupting your work. The control pad lets you adjust the height effortlessly.

Height-adjustable tables are not just a fad. With Artopex, they are a way of life.

tables / genius training table

Genius Training Table

Tables

The Genius training table is available with fixed-top or flip-top surfaces. With caster or leveler footings, the tables are easily reconfigured or stay solidly in place for permanent installations. In storage position, flip-top tables nest together to occupy a minimum of space due to the unique interlocking leg system.

Telescopic height, with glides or casters.

Metal colors :

Polar White (3002)

Silver (3090)

Charcoal (3064)

Champagne (3311)
