## Aurora Chairs

The Aurora collection of chairs is composed of a monocoque polypropylene shell and a choice of bases. The seat can be covered with a padded cushion (polyethylene foam covered with fabric), leaving part of the seat visible.

Available in White, Sesame or Black, the Aurora chair can be specified with a four-legged base (black plastic), a base with casters or a pyramid base.

Furniture delivered in boxes, dismantled & easy to assemble.  
Orders are ready to ship within 6 business days (20 chairs maximum).  
Instruction guide and hardware included.

## Nuke Chairs

The Nuke chairs are made of a UV-resistant plastic monocoque structure with no hardware. The seat can be covered with a padded cushion (polyethylene foam covered with fabric). These chairs can be stacked up to seven units high without cushion and six with cushion. Under the seat of the chairs without cushion, small plastic spacers (removable) prevent friction between the chairs when stacked.

The Nuke chairs can be specified for an indoor or outdoor use and are available in White, Sage or Road Black.

Orders are ready to ship within 6 business days (20 chairs maximum).
