# sophisticated profil

The distinctive lines of the **soft** executive chair are showcased by an artful combination of materials. Its multiposition backrest consists of polyester netting, while its seat and headrest are made of leather.

The leather's softness and the flexibility of the polyester netting provide peerless comfort while the highly resilient foam and refined coverings enhance the feeling of well-being.

Available in a choice of six leather colors and black polyester netting, the **soft** executive chair comes in two backrest sizes, two types of armrests, and two base finishes.
