

Ergonomic Endorsement

In a review of the design of Artopex's ergonomic mutli-task chairs, a qualified university research team conducted studies, presented recommendations and evaluations of the chairs in question.

The report resulted in the endorsement of Artopex's chairs by the Association of Canadian Ergonomists, through their representative, Mr. Charles Côté, Ph.D in Workplace Ergonomics.

Charles Côté Ph.D
Ergonomist and kinesiologist

The series of chairs that have received this endorsement are:

- Dotcom
- Loveflex
- Vortex

These series proved notable for:

- Promoting good working posture.
- Simple adjustments.
- Minimizing fatigue by allowing for proper blood circulation.
- Providing comfort of the main body pressure points in contact with the chair.
- Anthropometric data allowing for the integration of between 90-95% of body segments of users of different sizes.
