General Information

### TAKE OFF ADJUSTABLE TABLES II

Take Off adjustable tables II work in open office configurations, in collaborative settings and in private offices.

They adapt to all tasks in any environment and their sleek, contemporary lines blend ingeniously with all Artopex collections.

This price list includes the electric height-adjustable tables of the Take Off Collection as well as the associated accessories.

#### THE LIMA SERIES

This series is characterized by either a T.F.L. or H.P.L. surface with straight edge banding. Available in a 1" thickness.

### GENERAL CHARACTERISTICS

#### MATERIALS

Work surfaces are made of 1" (25 mm) thick pressed wood. Surfaces can be ordered in either Thermally Fused or High Pressure laminate. Add 1/16" (1.6 mm) to the thickness of High Pressure laminate surfaces. There is a 3/32" (2.5 mm) thick PVC edge banding on the work surface with a choice of matching or contrasting colors, striped or fluted.

#### ASSEMBLY AND HARDWARE

The adjustable tables II are delivered knockdown with the base components packaged in multiple boxes with the necessary hardware included. Pre-drilled holes are provided to facilitate the positioning of the base for installation.

#### LAMINATE FINISHES

The available finishes are divided into 2 categories:

- The **"Surface"** finish (applied on the surface of tables).
- The **"Edge banding"** finish (surface contour).

Refer to the product descriptions and finish chart for more information, see p.15.

#### WOOD GRAIN DIRECTION

##### Surfaces

The wood grain runs parallel to the longest side of the surface.

### BASE

Take Off adjustable tables II have a metal base with a Silver or Black finish and legs with 3 sections. Its contemporary design blends with the styles of the various Artopex collections.

#### "T" BASES

The base of the adjustable tables II is composed of 2 or 3 legs: "T" legs (column is centered on the foot). A rectangular column 2" L. x 3 1/8" D. is attached to a 23 1/2" x 3 1/8" x 1 3/4" H. Short levelers allow stability adjustment only, and longer levelers with 1/2" adjustment may be ordered.

#### STIFFENERS

Some tables include 1 or more black stiffeners.

#### WIRE FASTENERS

Five fasteners are provided with the base for attaching cables under the surface.

#### CASTERS

A set of 4 casters 2" H. in black plastic (2 with brakes) is available (ordered separately).

The casters will replace the glides, to be installed on site.

### ELECTRIC HEIGHT ADJUSTMENT

#### • Electric activation system

Power cord with a conventional wall connection.

- 2 legs : 70" without ground
- 3 legs : 118" with ground

ANSI/Bifma compliant, UL Certified (CAN-US).

#### • Intuitive control pad with 3 customizable heights

The control pad installs on the front under the surface, on the left or right.

#### • Height adjustment range (1" Lima surface)

- 3 sections: 24 1/2" to 50" H.

#### • Operating speed: 1 1/4" per second.

#### • Sound level: 42 dB.

#### • Weight capacity:

- 2 legs : 265 lbs
- 3 legs : 300 lbs (including the surface weight).

The table will not be functional beyond this capacity.

#### • Automatic movement blocking / collision detector

- 12 kg and more going up
- 9 kg and more going down

However, a 3" minimum space between the underside of the hutch and the surface of the height-adjustable table at its maximum height is recommended.

Intuitive control pad

### SURFACE SHAPES AND DIMENSIONS

Adjustable tables II are available in different shapes and dimensions:

#### Length and depth

The dimensions of the adjustable tables II indicated in the price list are exact.

#### The adjustable tables have:

1" less in depth and 2" less in length than Take Off Freestanding tables.

A 1" clearance is created when the table is surrounded by walls, divider screens or panel system in order to prevent finger pinching when mechanism is functioning.

#### IMPORTANT !

For security reasons: ensure a minimum clearance of 1" on all sides of the table when placed with freestanding furniture.

### INTERIOR CLEARANCE

#### STANDARD POSITION

Table LENGTH = length indicated in price list.

#### CLEARANCE POSITION FOR LATERAL SCREENS

### INTERIOR CLEARANCE - VERTICAL

The vertical clearance indicates the **free space under the structural beams of the height-adjustable table II** when the table is at its minimum height.

To ensure that the adjustable table is compatible with a mobile pedestal, a credenza or any other storage unit, refer to product heights as indicated in the price list.

**STORAGE  
CABINET  
MAXIMUM  
HEIGHT 19"**

### GROMMETS (OPTIONAL)

The surfaces of the adjustable tables II do not come standard with grommets but they can be added.

In the "Option" (grommets) section: add position: Left (L), Center (C), Right (R) and/or Return (E) and the finish: White (G1) or Charcoal (G2) plastic grommets can be added when specifying the product.

The grommet with the Artopex logo has a cover with two openings:

- The first opening is for large cables (screen, computer, lamp, etc.).
- The second opening is for small wires (cell, USB plug, etc.).
- Dimensions of opening when the cover is removed: 1 5/8" x 3 3/8".

Rectangular grommet

### MULTI-OUTLET (OPTIONS)

Built-in multi-outlet is available for the adjustable tables II surfaces. The surface with the multi-outlet is prepared in our factory and the connection box must be added during installation. In the "Options" (Multi-outlet) section, add the code (UC), and the location of the module: Left (L), Center (C), Right (R) and/or Return (E).

The black plastic multi-outlet module has:

- 2 electrical outlets with ground and 12 AMP circuit-breaker.
- 2 openings for telecommunications adapter.
- The retractable lid that can be closed when not in use.

#### CONNECTION TYPE

The multi-outlet is available with a conventional wall connection, UL and CSA certified. Power cord 108" long.

UC Multi-outlet

Multi-outlet UC  
1-circuit with conventional  
wall connection

#### Grommet and multi-outlet positions

##### Reversible

##### Extended on the right

##### Extended on the left

#### MULTI-OUTLET

The module will be visible under the table (1 3/4" H. with 1" Lima surface). It can be concealed by adding a Take Off modesty panel (sold separately).

Grommets and multi-outlets cannot be specified at the same position.

### CABLE MANAGEMENT (ITEMS SOLD SEPARATELY)

Components allow for the routing of cables under the surface of the Take Off adjustable table II.

#### FLEXIBLE BRAIDED SLEEVE

(see Accessory price list)

- To contain and route cables
- 1¼" dia. x 72" long.
- Provides cable management from the surface to the floor.
- Black polyester

#### EXTENDABLE WIRE MANAGER

(see the Accessory price list)

- Installs under a surface with screws.
- 3½" diameter spiral extends up to 84" H.
- The floor base has a 6" diameter.
- Provides routing of wiring from surface to floor.
- Plastic, Black finish.

#### METAL CABLE TRAY

Metal cable tray, with a silver finish, installs under a work surface, and allows for the routing of cabling. Cable access via both ends and sides. Opening can accommodate moveable outlets (AC-ECM, AC-ECMK), telecommunication outlets (AC-ERF, E2-ERD), or can accommodate 1-circuit electrical system, see Accessory price list.

## CONFIGURATION EXAMPLES WITH ELECTRICAL CONNECTION AND CABLE MANAGEMENT

### ELECTRICAL UNIT - AIR LINE

The electrical unit allows for cable management and can accommodate 4-circuit or 1-circuit system components.

The power cord is routed from under the electrical unit.

### TAKE OFF - CREDENZA

Take Off credenzas and some storage units have a top and side grommet option.

## COMPLEMENTS

### ACCESSORY BAR ON POSTS

- Stronger than the Take Off single or double (VAPB\_) accessory bars, this bar is designed for the installation of a flat screen arm-support and / or Artopex accessories. One functional side only.
- Metal accessory bar 12" H. x 1" thick with:  
1 hanging section 4" H. (single) or 8" H. (double).
- Installs with screw clamps to a 1", 1 ½" or 2" thick work surface.
- Accessory bar and posts are Silver finish with Black plastic finishing caps.
- Assembly screws are visible at the back of the accessory bar.

In general, the bar length is intended to allow for a 2¼" clearance on each side.

Length	For use with table (length):			
Bar	Rect. / dual-depth	Rect. corner	90° corner	120° corner
65½"	70"	70-76"	70-82"	
59½"	64"	64"		
53½"	58"	58"	58"	58"
47½"	52"			52"
41½"	46"		46"	46"
35½"				
29½"				

### SINGLE ACCESSORY BARS

2 supporting posts: 29½" to 53½" L.  
1 flat screen arm-support can be attached.

3 supporting posts: 59½" L. and more.  
2 flat screen arm-supports can be attached.

### DOUBLE ACCESSORY BARS

2 supporting posts: 29½" to 53½" L.  
1 flat screen arm-support can be attached.

3 supporting posts: 59½" L. and more.  
2 flat screen arm-supports can be attached.

COMPLEMENTS

MODESTY PANEL AND ACCESSORY BAR

In order for the screw clamps to function under the surface, the accessory bar with posts can only be installed on an adjustable table with a recessed modesty panel.

8" H. FROSTED SCREENS

Rectangular frosted (on one side) acrylic screen of the **same length** installs on the top of an accessory bar with posts (single or double) and attaches to the back with fastening clips.

TAKE OFF PRIVACY PANELS, MODESTY PANELS AND ACCESSORY BARS

Privacy panels and modesty panels (laminite, frosted) as well as single or double-height accessory bars from the Take Off Freestanding collection can be installed on the adjustable tables.

The maximum length for an Take Off privacy or modesty panel or for an accessory bar on a adjustable table is 4" less than the length of the surface.

RECTANGULAR TABLES

48"	52"			52"
42"	46"		46"	46"

### COMPLEMENTS

#### SPACING BRACKETS

The spacing brackets allow for the installation of ergonomic accessories under the surface of an adjustable table, or under any other surface equipped with structural beams. The brackets lower the installation plate of the accessory by 2¼" H. Brackets are made of metal with a black finish.

The spacing brackets install onto the keyboard tray or CPU support with bolts (included) then to the surface with screws.

#### SHORT FOOTING

The corner foot can be replaced with a short footing.

#### IMPORTANT !

The short footing can only replace a corner foot on corner tables with curved interior access: **TEE3PCO** and **TEE3PCV**.

Single or double accessory bar on supporting posts. The bar has one functional side. Silver finish, with Black covers on the posts.

Designed for use with a flat screen arm-support, see p.12. Can also hold Artopex accessories, see the Accessories price list.

Accessory bars 59½" and up have an additional central post. Some screws are noticeable on the back of the bars.

Installs with screw clamps to a 1", 1 ½" or 2" thick work surface.

The modesty panel must be recessed under the surface of the table to provide space for the accessory bar screw clamps.

The chart below indicates the **maximum length** of the accessory bar that can be installed on a height-adjustable table.

### Prices and Payment

All prices shown in this price list are suggested retail prices and are subject to change without notice. Prices do not include installation and shipping costs. Taxes are extra. These prices are guaranteed for 30 days from the date of quotation and are firm and final after acceptance of the order. Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice. Any products sold by Artopex shall remain its property until fully paid in cash. In the event that the purchaser defaults in the payment of any sum due to Artopex, or in the event the purchaser's financial condition becomes unsatisfactory to Artopex, Artopex reserves the right upon notice to the purchaser, to defer or discontinue shipment of any goods or, to refuse any order until such time as the default is corrected or the purchaser provides assurance of payment to Artopex.

### Orders

Artopex requires that all orders be submitted in writing to avoid errors and/or duplication. The purchaser is responsible to submit complete orders. Incomplete or incorrect orders (finish colors missing...) will be processed upon reception of the complete information and normal production lead-time will be applied from the date that the complete information is received.

### Acknowledgments

Orders will be acknowledged with Artopex acknowledgement forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped to the purchaser and the ready to ship date (not the actual shipping date). It is the purchaser's responsibility to verify that the acknowledgment information is correct. The purchaser must notify Artopex in writing of any errors within 48 hours. Corrections after 48 hours could be subject to extra charges (see Changes and Cancellation).

### Changes and Cancellations

Order cancellations or changes are subject to acceptance by Artopex. Special order items and upholstered items (standard or COM fabrics) already in production are not subject to change or cancellation under any circumstances.

- A) Changes: Standard product already in production will be subject to a 25% change surcharge. Changes to the shipping date must be anticipated.
- B) Cancellations: Artopex reserves the right to invoice the purchaser for any items already in production at the cancellation date and for lost profit on the remaining items.

### Storage

Artopex reserves the right to invoice the purchaser for storage charges in specific cases.

### Shipping

- A) Prices are F.O.B. factory, collect.
- B) Artopex will choose the carrier unless otherwise specified by the purchaser. Goods will be handed over to the common carrier in good condition; Artopex liability ceases at this point. Deliveries will be done at the purchaser's unloading dock. The purchaser should have an unloading dock able to accommodate 53' trailers and must supply the unloading personnel.
- C) Claims: Artopex is not responsible for damage that occurs in transit or in storage. It is the purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Failure to provide an adequate description of the lost items or damages to the carrier could result in the carrier's refusal to honor the charges. It is the purchaser's responsibility to obtain information on the carrier's claim policies and to send any claims to the carrier. For other policies, contact Customer Service.
- D) It is the purchaser's responsibility to file any claims even if the order has been shipped directly to the client.

### Return of Goods

- A) No merchandise may be returned without Artopex written consent and shipping instructions. If this procedure is not followed, the merchandise will not be accepted by the factory and will be reshipped collect without further notice.
- B) Goods must be returned properly packaged and all boxes must be clearly marked with the authorization number.
- C) Return of items authorized by Artopex are subject to a charge of 25% plus freight (and customs, if applicable) and repair costs (if required).

### Product Specifications

Artopex reserves the right to modify the specifications of products, materials, design or accessories without notice. Artopex also reserves the right to cease production of any product at any time. The products, accessories, materials and finishes as described in the price list prevail over the content of brochures or folders. The weights and volumes shown on the price lists include packaging and are approximations.

### Artopex Warranty

**Artopex products are warranted to be free from defects in design, materials and workmanship for as long as the original purchaser owns them.**

**The electrical and mechanical components of the adjustable base come with a two-year warranty.**

If written notice of the defect is given to Artopex within the applicable warranty period, Artopex will repair or replace with comparable product, at Artopex's choice, without charge to the original purchaser, any part or product shipped after July 1, 2001, which fails under normal use as a result of such defect.

Non-standard products have a warranty of 1 year from the date of delivery.

On products warranted for a specified number of years of single shift usage, the warranty period will be reduced in a pro-rata manner when the products are used in a manner that exceeds the equivalent of a single shift forty (40) hour work week. Products used 24/7 or in high traffic public spaces such as airports and hospitals are covered by the warranty for 1 year from the delivery date.

This warranty is the Customer's sole remedy for product defect. This warranty does not cover damage by a carrier in transit. Artopex makes no warranties, including the implied warranties of market value or utility for a particular purpose, other than the express warranties contained herein. There are no other warranties express or implied. Artopex shall not be liable for consequential or incidental damages arising from any product defect.

### This warranty does not extend to :

- Customer's Own Material (COM) or special finishes applied to Artopex products.
- Products which have been modified or have not been installed or used according to Artopex application and installation guidelines.

On products warranted for a specified number of years of single shift usage, the warranty period will be reduced in a pro-rata manner when the products are used in a manner that exceeds the equivalent of a single shift forty (40) hour work week.

This warranty is the Customer's sole remedy for product defect. This warranty does not cover damage by a carrier in transit. Artopex makes no warranties, including the implied warranties of market value or utility for a particular purpose, other than the expressed warranties contained herein. There are no other warranties express or implied. Artopex shall not be liable for consequential or incidental damages arising from any product defect.
