GENERAL INFORMATION

The Downtown Collection offers a casual professional work environment adapted to today's new ways of working and the associated technology. Whether your team meets standing up or sitting down, in large or small groups, for a minute or an hour, Downtown provides an atmosphere of freedom and well-being.

Depending on the context, collaborative work is performed using lounge chairs, task chairs or stools. Tables of various heights (17.5", 24", 29" and 40") adapted to different types of seating are required. The Downtown Collection offers a wide range of seating and table choices that allow multiple configurations.

The linear seating offers both comfort for a moment of relaxation and ease for working with electronic devices. Seating is available in several sizes, and with many choices of backrests. Electrical outlets facilitate the use of electronic devices over a long period. Adapted to new ways of working, focusing primarily on advanced communication technology, this collection has tables that enable the installation of a monitor in addition to high performance power and communication modules. These tables are available in 3 heights allowing for the design of casual work environments.

Several complements such as privacy screens, mobile panels, storage and a variety of accessories optimize the efficiency of Downtown work environments.

SEATING

Seating consists of a plywood structure covered in high density polyurethane foam and a layer of water-repellent fiber. The legs are only 1" high with adjustable levelers, giving the impression that the seat is floating. Benches are delivered assembled, individually wrapped.

Overall seat dimensions:

Seating is available in 3 seat heights:

18" HEIGHT:

- Lengths: 24" - 30" - 48" - 60"
- Depth: 24" (backless)
- Available with or without backrest
- Backrest: offset by 3" or flush with the seat
- Optional multi-outlet for seating 18" H. (see p.9)

Backrest offset 3" from each side of the seat

Backrest flush with seat

BACKREST MODELS:

Right

Corner

Alternating

18" HEIGHT (CONTINUED)

Seating in trapezoid and round shapes are also available at a height of 18".

Trapezoid seating is available with a backrest flush with the side of the seat or without backrest. The seat's 60° angle allows for configurations adapted to the collection's tables. An optional multi-outlet is available, see p.9.

Dimensions:

Round and half-moon seats are available always without backrest. Refer to the price list for available sizes.

Curved benches are also offered with an 18" height. Different models available: - curved bench, 45°, no backrest - exterior or interior curved bench, 45° backrest flush with side of seat.

Multi-outlet **M7** option available, see p.9.

4 exterior curved benches, no backrest

SEATING (CONT'D)

HEIGHT 30" H.

- Lengths: 24" - 30" - 48" - 60"
- Depth: 24"
- Without backrest

HEIGHT 42" H.

- Lengths: 30" - 48"
- Depth: 24"
- Without backrest

Ottomans 30" H. and 42" H. allow for multi-level "bleacher" configurations.

STOOLS 30" H.

- Square (20" x 20") without backrest
- Square (20" x 20") with backrest
- Round (19" diameter)
- Metal footrest included

FABRIC CHOICES

Seating with backrests can be ordered in 2 fabrics: Fabric 1 = seat; Fabric 2 = backrest. The price for the seat is determined by the highest of the two fabric grades. For the complete selection of fabrics available, refer to the current Artopex seating fabric cards.

ARMREST

An armrest, sold separately, can be installed between two seats with backrests, flush with the sides of the seat. A metal bracket attaches the armrest to one of the benches. Once installed, the armrest is the same height as the backrest and leaves a 3" space from the front of the seat.

TABLES WITH UPHOLSTERED BASE

Tables complete seating configurations by unifying the space with the same fabric. The table consists of a hardwood structure covered in polyurethane foam and a fabric cover. The table has the same legs as the benches, 1" high.

Tables are available in various shapes: rectangular, round, half-moon, triangular, and in several dimensions. The triangular table has an angle of 60 degrees for creating curved layouts.

Two models of tables are available: all fabric or fabric with a 2" thick laminate surface. In both cases, the total height of the table is 16 3/4" H.

MULTI-OUTLET (M6) FOR AN UPHOLSTERED TABLE

An optional multi-outlet is available on the upholstered table with or without a 2" top. One multi-outlet is installed at the center. For rectangular tables 48" and more, it is possible to add 2 modules (see drawing).

POSITIONS OF THE MULTI-OUTLET

See p.12 for a detailed description of the multi-outlet (M6).

MULTI-OUTLET (M7) FOR SEATING

A multi-outlet is available as an option on rectangular and trapezoid seating (18" H.). Only one multi-outlet can be installed on a seat.

Four positions are available: front left (FL), front right (FR), left side (SL) or right side (SR).

MULTI-OUTLET ON THE SIDE:

M7 MULTI-OUTLET

- Dimensions of the multi-outlet: 5" x 2 1/2"
- 1 electrical outlet and 2 USB ports for charging
- Power cord: 9 feet
- ETL Certified
- Painted aluminum finish

SEATING (CONT'D)

CABLE ROUTING UNDER THE BENCHES:

TABLES

The Downtown Collection offers a wide range of tables in various shapes with 1" or 2" thick surfaces. Tables 1" thick are made of particle board, laminated on both sides and finished with a PVC edge band 2.5 mm thick to match the surface finish. They may be specified in either thermally fused or high pressure laminate (codes **L1** or **S1**). Tables 2" thick are made with a lightweight yet very strong inner structure of honeycomb cardboard. It is contained within two sheets of particle board finished in high pressure laminate with a thick 2 mm PVC edge band to match the surface finish (code **S2**).

Many heights are available:

* The heights shown correspond to 1" thick surfaces. When using 2", add 1" to the total height of the table.

GENERAL DESCRIPTION OF THE SURFACE SUPPORTS

ROUND TUBULAR LEG WITH ROUND OR SQUARE BASE PLATE

The tubular leg with base plate is available for tables 17 1/2", 24", 29" and 40" high. It is a tube 3" or 4" in diameter and a base plate in various sizes depending on the requirements of the specified surface.

The tube 4" in diameter permits the installation of a round multi-outlet (**M2**) and the routing of cables inside of the tube towards the floor. Adjustable levelers (under the base plate) enable the cables to pass to the periphery of the base plate. These legs are steel painted in 4 available colors: Black, Charcoal, Silver or Polar White.

GENERAL DESCRIPTION OF THE SURFACE SUPPORTS

ROUND OR SQUARE TUBULAR LEGS

The tubular legs are available for tables 29" high. Round legs (3" diameter) and square legs (2 1/2" x 2 1/2") are steel, painted in a choice of 4 colors: **Black, Charcoal, Silver or Polar White**. The legs have levelers. Optional casters (black nylon and 2 1/2" H.) can be added on round legs. Numerous meeting tables are available. Refer to the current Take Off Conference tables price list.

SQUARE, RECTANGULAR OR TRIANGULAR ARCHITECTURAL BASE

The architectural base is available for tables 24" and 29" high.

It is made of laminate panels with vertical woodgrain and 90° metal corners available in many colors, refer to the current Artopex metal finish card. Cables can be routed through the base and a removable panel provides convenient access to the interior.

BISTRO TABLE

The "bistro" type table is made of a surface and two full-width gables, all 2" thick (**S2**).

Different heights are available:

The bistro table is always rectangular. Narrow modesty panels provide stability and conceal electrical outlets and cables if applicable.

The bistro table is available in a model with shared open storage and adjustable shelves (interior space 12" W x 14.5" deep). This model is available in heights of 30" and 41". Additional shelves are sold separately.

Optional multi-outlet can be specified on all bistro tables ; refer to the "Table and Technology" section for specifics, see p.12.

MEDIACOM TABLES

The Mediacom table is specifically designed for the installation of a monitor and management of the most complex cabling. It consists of a surface, a leg, and a technical panel with a metal contour and laminate facades.

SURFACE CHARACTERISTICS:

- Thicknesses and finishes: 1" thermally fused laminate (L1),
- 1" high pressure laminate (S1) and 2" high pressure laminate (S2)
- Width: 48"
- Lengths: 60" and 72"
- Heights: 24", 29" and 40" H.
- Shapes: rectangular, "D" or tapered

CHOICE OF SURFACE SUPPORT:

- Metal leg with round or square base plate
- Rectangular or triangular architectural base

THE TECHNICAL PANEL

The secured front panel is used to install a monitor. The rear panel is removable for easy access to cables. A metal frame 3" wide holds the panels together.

- Width: 50"
- Heights: 57", 62", 73" H.
- Maximum monitor size: 55" diagonal
- Metal frame finishes: Black, Charcoal, Silver or Polar White

Various technology options are available for Mediacom tables: multi-outlet or linked communication system.
Refer to the following pages for more information.

FINISHING PROFILE

Finishing profiles in painted steel, sold separately, are designed to conceal electrical cables and monitor support brackets. They are installed with screws on to the technical panel of a Mediacom table and positioned at the desired distance from either side of the monitor. The profile has a 120° opening and a height of 32" that fits all sizes of Mediacom tables. They are available in 4 colors: Black, Charcoal, Silver or Polar White.

MEDIACOM TABLES (BISTRO MODEL)

The Mediacom table is also available in a "bistro" model, with a 2" thick, full width leg. This table is always rectangular.

SURFACE CHARACTERISTICS:

- Thickness and finish: 2" high pressure laminate (S2)
- Width: 30" and 36"
- Lengths: 60", 72", 84" and 96"
- Heights: 30" and 41" H.

GABLE CHARACTERISTICS:

- 2" thick gable
- The same width as the specified surface

THE TECHNICAL PANEL

The panel is identical to that of a regular Mediacom table with the exception of a few characteristics.

- Width: 32" - 38"
- Heights: 62", 73" H.
- Maximum size of the monitor: 32" diagonal for a 32" panel and 40" diagonal for a 38" wide panel
- Metal frame finishes: Black, Charcoal, Silver or Polar White.

TABLE AND TECHNOLOGY

The Downtown Collection offers a range of solutions for electricity and cable management. The recessed multi-outlet option is available on most tables. The model and position varies depending on the surface and the type of base. Please refer to the information in the price list.

WITH BISTRO TABLES

The option of multi-outlet models **M2**, **M3**, **M4**, **M5** or **M6** in bistro tables includes the addition of a metal conduit with removable cover, built into the leg of the table for discreet cable management.

MULTI-OUTLET POSITION:

M3-M4 multi-outlet:
Table 60" or more – center or right.
Table 54" or less – center.

M2-M5-M6 multi-outlet:
Center or right

WITH MEDIACOM TABLES

The **M4** pivoting multi-outlet and the linked communication system, Downtown Connection (**M8**), are optional on Mediacom tables.

TABLE WITH ARCHITECTURAL BASE

The **M4** multi-outlet is positioned near the technical panel and cables are routed inside the panel through a grommet.

The Downtown Connection system is installed directly inside the base, and the cable connection access module is positioned above it.

TABLE WITH METAL LEG

The Downtown Connection system is screwed directly on to the technical panel and is installed inside a vertical cable conduit with a removable "door" for access to cables. The connection access module is positioned on the surface above the power module.

***M4** multi-outlet not available.

BISTRO TABLES

The **M4** multi-outlet is positioned near the technical panel and cables are routed inside the panel through a grommet.

The Downtown Connection system is screwed directly on to the technical panel and is installed inside a vertical cable conduit with a removable "door" for access to cables. The connection access module is positioned on the surface above the power module.

ELECTRICAL OUTLETS

MULTI-OUTLET FOR DOWNTOWN COLLECTION TABLES

The multi-outlets below cannot be ordered separately. They must be specified when ordering the table. One outlet per surface can be specified.

M2 MULTI-OUTLET

- Dimensions: 4¼" diameter on the surface
- Two power outlets and two communication outlets (cat. 5^e, cable not included)
- Power cord: 6'
- UL Certified
- Black finish

M3 MULTI-OUTLET

- Dimensions: 5½" x 11½" on the surface
- Three electric outlets (power cord: 6')
- Three punch outs for communication connections
- UL Certified
- Anodized aluminum finish

M4 MULTI-OUTLET

- The multi-outlet opens and closes with a switch.
- Dimensions: 4½" x 16" on the surface
- Three electric outlets (power cord: 6')
- One communication outlet (RJ45)
- One phone jack (RJ11)
- Two audio jacks 3.5
- One VGA outlet
- One HDMI outlet
- One USB outlet for charging (2.1A) for charging
- Cables included for all outlets
- Canada UL Certified and UL USA
- Anodized aluminum finish
- Sensor prevents rotation when the electricals outlets and VGA are in use.

M5 MULTI-OUTLET

- Dimensions: 4" x 5"
- An electrical outlet and a punch out for communication outlets
- Touch retractable
- Power cord: 6 feet
- UL Certified
- Anodized aluminum finish

M6 MULTI-OUTLET

- Dimensions: 4" x 5"
- An electrical outlet and two USB charging outlets
- Touch retractable
- Power cord: 10 feet
- UL Certified
- Anodized aluminum finish

DOWNTOWN CONNECTION - M8

Downtown Connection is an advanced technology electronic module that can be specified on Mediacom tables and the mobile panel. This communication tool's quick and easy connection allows multiple users (2-4) to share, in turn, their computer screen on a common monitor.

Simply connect a data sharing cable to a laptop or tablet and press the control button on the same cable for the screen to appear on the monitor.

Components included with Downtown Connection:

- 1 x electrical box, HDMI cable with four inputs
- 4 x HDMI data sharing cables (6' long)
- 1 x HDMI cable for monitor (12' long)
- 1 x cable connection access module (recessed in the surface)
- 1 x power bar (EPUP - power cord: 9')

INSTALLING DOWNTOWN CONNECTION

The linked communication system selector housing is installed out of sight beneath the work surface (within a cable conduit or architectural base). It is connected to a monitor by an HDMI cable and is powered by an electrical cable connected to a conventional power outlet.

On top of the surface, a recessed cable access module provides access to 2 outlets, 2 punch outs for communication outlets and 4 HDMI data sharing cables directly connected to the selector housing. The 4 data sharing cables are 6' long (approximately 56" can be brought to the surface) and have a control button that provides access to the monitor and lights up when enabled. When using the system, the data cables from the module are connected to the laptops and tablets. Once the work session has ended, cables slide easily inside the module where the excess cable is stored inside a cable conduit or an architectural base.

MOBILE PANEL WITH DOWNTOWN CONNECTION SYSTEM

The Downtown Connection system is also available on the mobile panel, allowing it to be used with different Downtown Collection tables.

It consists of a metal structure (3" wide) on legs with casters. The panel is 38" wide.

The panel is available in 3 heights perfectly matched with the 3 main table heights of the series: 24" H., 29" H. and 40" H. Paired with a table with a surface 1" thick, the lower section of the panel reaches 1" above the surface. However, paired with a table surface 2" thick, the housing is flush with the surface.

This panel has an upper and lower section. A 5" space between the two provides access to the linked communication system and 2 electrical outlets.

The interior of this panel is used to route the system's cables. When the linked communication system is not in use, the retracted cables remain concealed inside the mobile panel. Only one electrical connection cable is accessible at the base of the panel.

UPPER SECTION

Side 1 of the panel is secured to the metal frame and is used for mounting a monitor. It is available in laminate only.

Side 2 of the panel is removable to facilitate cable management. It is available in laminate or high-gloss white marker board.

LOWER SECTION

The lower section houses Downtown Connection. Side 1 is removable (laminate), while the Side 2 is fixed (in metal).

The mobile panel with the Downtown Connection system fits a monitor with the maximum width of 40" (diagonal). It includes the linked communication system, 2 power outlets and 1 power bar.

DIMENSIONS OF THE 3 PANEL HEIGHTS

MOBILE PANELS

3 models of mobile panels are available:

- Marker board
- Communication panel
- Panel with the Downtown Connection system (see previous page)

They are composed of a metal structure (3" wide) on legs with casters and are 38" wide.

MOBILE PANEL 70" H.

Both sides of the panel have a high-gloss white finish (**SBL**) and are fixed.
Side 1 has a recessed accessory bar, while Side 2 is full height.

COMMUNICATION PANEL 70" H.

The communication panel is designed for the installation of a monitor with a maximum width of 40" (diagonal).

Side 1 of the panel is secured to the metal frame, and is for installing a monitor. It is available in laminate only and comes with a recessed accessory bar for hanging accessories and shelves, sold separately.

Side 2 of the panel is removable to facilitate cable management. It is available in laminate or high-gloss white marker board (**SBL**).

The communication panel has a metal shelf for a DVD player or other electronic accessories. A metal cable conduit is installed between the metal shelf and laminate panel to conceal cables.

PRIVACY SCREENS

Privacy screens are usually placed behind seating to create privacy for users of the space. The screen is made of a 1" tubular steel frame covered with a polyester 3D mesh fabric. For color choices available, see p.17.

The screen is available in 3 models: vertical (A), angled-top (B) or with a shelf 1" thick (C).

In all cases, the screen is self-supporting and rests on two flat tapered painted metal feet. Feet of the vertical screen and screen with a shelf are centered ensuring stability. The center of gravity of the angled-top screen requires an offset foot, allowing the panel to be placed 4" from a wall.

DIMENSIONS AND POSITION OF THE FEET (SIDE VIEW)

Privacy screen heights

JUNCTION BRACKET FOR PRIVACY SCREENS

The junction bracket serves to join 2 privacy screens, vertical or angled-top. It is made of 2 pieces of metal, available in 4 colors and is assembled during installation. Only one bracket is necessary to join 2 screens and to keep them aligned.

Junction bracket.
Installed at the top
of the screen.

STORAGE

Storage units complete the Downtown Collection: storage 16¾" H. serves as occasional tables and storage 29" H. serves as bookcases. These storage units consist of a case made of laminate panels 1" thick and the top can be specified with a thickness of 1" (TFL: code L1; HPL: code S1) or 2" (HPL: code S2). The contour of the panels (edge band) is made of PVC 2.5mm thick (2 mm for the 2") in a color matched to the surface finish.

Storage 16¾" H. (16¾" H. in S2)
• Open (12" deep)
• Open and shared (24" deep)

Storage 29" H.
• bookcase style

COMPLEMENTS

OCCASIONAL TABLES

Two models of occasional tables allow users to work comfortably on Downtown seating. See Accessory price list.

TRIPOD MODEL (26" H.):

- Rectangular surface 16" x 20", 1½" thick
- Tubular metal base (2" dia), 3-prong.

"C" MODEL (26" H.):

- Rectangular surface 13" x 16", 1" thick
- Laminate sides, 1" thick
- Metal base plate
- Storage space (magazines), inside width: 3".

GANGING BRACKET

The ganging bracket is used to join two seats together for large configurations. It is made of two pieces of metal, black finish, one male and one female, and is screwed to the seat during installation.

* **WARNING** – Exception: 2 upholstered triangular tables cannot be joined together using a ganging bracket.

CABLE FASTENERS

The single cable fasteners can be screwed under the seats to hold electrical cables routed under the seats.

DOWNTOWN COMPONENT COLORS

These are the codes to be used in the specific fields of the price list with reference to choice of colors.

Prices and Payment

All prices shown in this price list are suggested retail prices and are subject to change without notice. Prices do not include installation and shipping costs. Taxes are extra. These prices are guaranteed for 30 days from the date of quotation and are firm and final after acceptance of the order. Orders are invoiced at the time of shipment. Terms of payment are net 30 days from date of invoice. Any products sold by Artopex shall remain its property until fully paid in cash. In the event that the purchaser defaults in the payment of any sum due to Artopex, or in the event the purchaser's financial condition becomes unsatisfactory to Artopex, Artopex reserves the right upon notice to the purchaser, to defer or discontinue shipment of any goods or, to refuse any order until such time as the default is corrected or the purchaser provides assurance of payment to Artopex.

Orders

Artopex requires that all orders be submitted in writing to avoid errors and/or duplication. The purchaser is responsible to submit complete orders. Incomplete or incorrect orders (finish colors missing...) will be processed upon reception of the complete information and normal production lead-time will be applied from the date that the complete information is received.

Acknowledgments

Orders will be acknowledged with Artopex acknowledgement forms governing the transaction. The details appearing on this acknowledgment will describe the items to be shipped to the purchaser and the ready to ship date (not the actual shipping date). It is the purchaser's responsibility to verify that the acknowledgment information is correct. The purchaser must notify Artopex in writing of any errors within 48 hours. Corrections after 48 hours could be subject to extra charges (see Changes and Cancellation).

Changes and Cancellations

Order cancellations or changes are subject to acceptance by Artopex. Special order items and upholstered items (standard or COM fabrics) already in production are not subject to change or cancellation under any circumstances.

- A) Changes: Standard product already in production will be subject to a 25% change surcharge. Changes to the shipping date must be anticipated.
- B) Cancellations: Artopex reserves the right to invoice the purchaser for any items already in production at the cancellation date and for lost profit on the remaining items.

Storage

Artopex reserves the right to invoice the purchaser for storage charges in specific cases.

Shipping

- A) Prices are F.O.B. factory, collect.
- B) Artopex will choose the carrier unless otherwise specified by the purchaser. Goods will be handed over to the common carrier in good condition; Artopex liability ceases at this point. Deliveries will be done at the purchaser's unloading dock. The purchaser should have an unloading dock able to accommodate 53' trailers and must supply the unloading personnel.
- C) Claims: Artopex is not responsible for damage that occurs in transit or in storage. It is the purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier. Failure to provide an adequate description of the lost items or damages to the carrier could result in the carrier's refusal to honor the charges. It is the purchaser's responsibility to obtain information on the carrier's claim policies and to send any claims to the carrier. For other policies, contact Customer Service.
- D) It is the purchaser's responsibility to file any claims even if the order has been shipped directly to the client.

Return of Goods

- A) No merchandise may be returned without Artopex written consent and shipping instructions. If this procedure is not followed, the merchandise will not be accepted by the factory and will be reshipped collect without further notice.
- B) Goods must be returned properly packaged and all boxes must be clearly marked with the authorization number.
- C) Return of items authorized by Artopex are subject to a charge of 25% plus freight (and customs, if applicable) and repair costs (if required).

Product Specifications

Artopex reserves the right to modify the specifications of products, materials, design or accessories without notice. Artopex also reserves the right to cease production of any product at any time. The products, accessories, materials and finishes as described in the price list prevail over the content of brochures or folders. The weights and volumes shown on the price lists include packaging and are approximations.

Artopex Warranty

Artopex products are warranted to be free from defects in design, materials and workmanship for as long as the original purchaser owns them.

If written notice of the defect is given to Artopex within the applicable warranty period, Artopex will repair or replace with comparable product, at Artopex's choice, without charge to the original purchaser, any part or product shipped after July 1, 2001, which fails under normal use as a result of such defect.

Non-standard products have a warranty of 1 year from the date of delivery.

On products warranted for a specified number of years of single shift usage, the warranty period will be reduced in a pro-rata manner when the products are used in a manner that exceeds the equivalent of a single shift forty (40) hour work week. Products used 24/7 or in high traffic public spaces such as airports and hospitals are covered by the warranty for 1 year from the delivery date.

This warranty is the Customer's sole remedy for product defect. This warranty does not cover damage by a carrier in transit. Artopex makes no warranties, including the implied warranties of market value or utility for a particular purpose, other than the express warranties contained herein. There are no other warranties express or implied. Artopex shall not be liable for consequential or incidental damages arising from any product defect.

This warranty does not extend to :

- Customer's Own Material (COM) or special finishes applied to Artopex products.
- Products which have been modified or have not been installed or used according to Artopex application and installation guidelines.

On products warranted for a specified number of years of single shift usage, the warranty period will be reduced in a pro-rata manner when the products are used in a manner that exceeds the equivalent of a single shift forty (40) hour work week.

This warranty is the Customer's sole remedy for product defect. This warranty does not cover damage by a carrier in transit. Artopex makes no warranties, including the implied warranties of market value or utility for a particular purpose, other than the expressed warranties contained herein. There are no other warranties express or implied. Artopex shall not be liable for consequential or incidental damages arising from any product defect.
