

An abstract watercolor artwork featuring a variety of colors and shapes. At the top, there are large, flowing strokes of red and yellow. Below these, a large, irregular shape in shades of blue and green dominates the lower left. To the right, there are more red and yellow strokes, along with some smaller, scattered red and yellow spots. In the bottom right, there are two dark green, circular, ring-like shapes. The background is white, and the overall style is expressive and artistic.

# Color Therapy

artopex®

# Welcome to the world of Color Therapy Productivity Serenity Confidence Creativity Collaboration

Combinations of colors, textures and materials can produce the familiar or spark the unique. They fuel the creativity and the singularity of each project. They can encourage well-being, concentration and receptivity.

With the introduction of the new collections of laminate finishes, enamel colors and Fenix Matte Black, the art and the purpose form one equation and infinite possibilities.

# New colors and finishes

**Fenix Matte Black**  
This new surface material uses nanotechnology for a distinctive tactile experience. Ultra-soft and light-absorbing, the finish is also scratch resistant. Marks disappear on their own through thermal regeneration. The Fenix Matte Black finish is also highly antibacterial.
