

MIMO

Product Sheet

MIMO is a true demountable glass partition system offered in single and double glazing within the same extrusion. The line is exceptionally versatile and can accommodate any architectural needs including transoms and clerestories, almost limitless ceiling heights, solid panels, freestanding partitions, and a wealth of door types including framed and frameless swing and sliding, as well as a unique pocket sliding door.

Extrusions

MIMO

Glazing and Panels:

Single and double glazing
Thickness: 1/2" and 3/8"
Tempered, laminated, low iron (extra clear), and speciality glass
Solid panels

Profile:

Stick built
Profile dimensions:

- Top and bottom extrusion: W3" x H1-5/8"
- Sliding single or double glazed door adds W15/16"

Same extrusion for centered, offset, and double glazing
Aluminum
Applied and integrated mullions available
Aluminum and wood flyby available

Doors:

Frameless

- Single glazed sliding door
- Single glazed hinged door
- Single glazed pivot door

Framed

- Standard Muraflex single glazed pivot door
- Standard Muraflex double glazed pivot door

Wood

- Hinge door
- Pivot door

Standard door hardware

- Lever or ladder pull
- Locking or non-locking
- Drop seal available on framed and wood doors
- Hold open available on all swing doors

Maximum door height: 10'

Tolerance:

1-1/4" (5/8" at the top and 5/8" at the bottom)

Junctions:

Available in aluminum and polycarbonate
Glass to glass, corner (L), and T condition

Gaskets:

Door: available in black, white, and clear
Wall: available in black, white, and grey

Ceiling Condition:

Can be installed on a bulk ceiling, acoustical tiles (ACT), or as a free-standing system
Maximum height of 10'
20'+ with clerestory and transom available

Acoustical properties:

Single glazed tested STC assembly score ranges (depending on options): 34 - 38
Double glazed tested STC assembly score ranges (depending on options): 43 - 46

Integrated electrical components:

High and low voltage wiring
Integrated electrical components including room scheduler, card reader, and electrical strike available
Panic hardware available

Lead times:

6-8 weeks on standard clear anodized
8-10 weeks on custom system

Sustainability

At Muraflex, we are dedicated to diminishing our impact on the environment. We are also committed to continually improving our procedures in terms of product development, supply, packaging and distribution in an effort to minimize our environmental footprint.
