The Collection

SC Lounge: in Solo or Collaborative mode!

Whether you want to relax, concentrate or collaborate, SC Lounge stands out for its great comfort and infinite modularity. Esthetically, the collection is characterized by its generous proportions, its inviting rounded shapes and the quality of its execution.

In terms of functionality, the expanded range of modules and privacy screens offers great freedom to create environments suitable for meetings.

In solo mode, SC lounge becomes a true haven of peace where you can center yourself and escape for a moment.

Simple Comfort

Smooth Collaboration

Combine work and comfort with SC Lounge. The collection allows you to create functional and truly unique collaborative spaces.

This seating will become your favorite place to meet with colleagues. Add modular acoustical screens and you have a true work area where you are free to discuss and generate your best ideas.

Smartly Created

SC Lounge was designed for the present and the future. Each piece has been designed to provide you with a flexible and unique space.

The privacy screens are modular: they can be easily attached and detached. The electrical outlets are removable, so they can follow the technological evolutions. The Oxalis and Capsul tables are beautiful and practical, allowing for individual or collaborative work.

Together, these pieces make a beautiful statement.

Style & Choice

SC Lounge is a rich and evolving collection that can be adapted to many spaces.

The single and double seats can be combined and transformed into large sofas. Sometimes with backrest, sometimes with privacy screens, sometimes as an ottoman... SC Lounge can take many forms and really lets your creativity flow!
